Create Your Own Memes

Using Free Online Website Programs

These are two of the memes I showed you how to make in the webinar. One with black background, one with picture background, with the text overlaid on the photo.

Create Your Own Memes

The third meme has text on the blank part of the image. In the webinar, I forgot (!!!) to resize it before I laid in the text - oops! Remember to take that step, because when you resize the image, the text needs to be resized, too.
